### SIENNA – Norwegian/Japanese Electro-Jazz Phenomenom Returns To Second Home

The UK is fast becoming a second home to Sienna. Impressive really, given she already has a couple – her original Japan and current residency Norway.

This is due to the embracing welcome of UK audiences on several previous tours; raptured by the bands fusion of styles to create a tapestry of sound, fans are eager to see them return to this green and pleasant land - and to witness again the spectacle of Sienna's performance herself. The bands fascination with UK doesn't stop with the shows – they love The Beatle's and The Cavern Club, British Ale, and have a strange fascination with Boots pharmacies. This country is their favourite, their 'No.1 Heaven'.

Dubbed 'The future sound of London' these out-there visionaries create ambient and warm sonic contrasts, mixing Electronica, House, Jazz and Trad Japanese to become truly unique. Its the definition of audio-phenomena, audio-sex to the weird and wonderful.

The release 'Japonesque' this year was a milestone for the scene. Previous collaborations include psychedelic legend Nils Petter Molvaer as well as the late British legend Mick Karn, just to name a few...

24 <sup>th</sup> Oct	Kilburn, London	The Good Ship
25 <sup>th</sup> Oct	Brighton	Chequers
