Electro-fusion artist **Sienná** completely crushed the competition this year with a legion of support coming out to vote for her latest effort, the album *Q.O.S.* that landed her in this year's quest for the best. Every artist & band in our top ten of the year contributed incredibly to their genres and the music-scene around the globe, writing & recording albums & EPs that ALL deserve recognition for the amazing efforts & sounds they pulled off in 2017. But of course, there can only be one...that's how these things go & we all know it. So without further ado – join us in celebration and shout-out a MASSIVE CONGRATULATIONS to **Sienná** for rallying the fans, spreading the word to come out & vote, and most of all, for putting out a stunning & unforgettable journey in electro music that was truly unique & absolutely deserved to be on a list with the best out there from the independent music-scene this year.
